Dear Sponsors,

April, 2020

Greetings from India. The whole world is deeply concerned and worried about the deadly virus Covid - 19 and every day reading enough grim news about the virus. Hope we will come out of it soon.

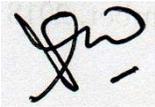

The year 2020 is a remarkable year as far as ISEAF is concerned. Our founder Mr. Rudolf Schwartz completed 30 years of his social work in India and ISEAF documented his service in the form of a book named "**Rudolf Schwartz, The Man who transformed the life of thousands of students and gifted a bright future**". The book was written by Mr. Jacob Mathew and Ms. Reena Borkar and was released on 22<sup>nd</sup> January 2020 at the hands of our founder President Mr. Thomazinho Cardozo at the premises of ISEAF office. It is not possible for all the sponsors to get a hard copy of the book. Sponsors can read out the book by clicking on the link <http://bit.ly/2Raoqsm> and down load the book at your convenience. There is also a link [https://www.youtube.com/watch?feature=player\\_embedded&v=9Qn30DrblJE](https://www.youtube.com/watch?feature=player_embedded&v=9Qn30DrblJE) to listen his interview so that you can hear him directly his view of the work in India.

All our institutes are closed due to lock down. Our offices started functioning under the guidelines by the government and health departments.

Please find enclosed herewith few stories of scholarship students who completed their course and presently working. We also enclosed some stories of some of our ex-students of our technical institutes and presently working.

Best regards from India.

Yours Sincerely
