Dear Sponsors,

December, 2020

Indian Students Educational Aid Foundation would like to wish all our sponsors, well-wishers and patrons a Merry Christmas and Happy & Prosperous New Year.

In the last academic year 50 students completed their education. The details of their academic discipline as follows: -

1. Medicine - 06
2. Engineering - 13
3. Post - Graduation - 16
4. Graduation - 06
5. Pharmacy - 01
6. Nursing - 04
7. Bachelor of Education - 04

Though we are not sponsoring new students for last five years we are still sponsoring 105 students. We are grateful to all our sponsors for your generous contribution. I am happy to inform you that some of our sponsors continue to send their contribution even after their students completed their education. This will help us a lot to promote the students of our vocational courses.

As you are aware, the pandemic turned out to be a universal disaster. It hit us also very badly. This year admissions of our vocational institutes are very badly affected as the parents were scared to send the students to the institutes. However it is a matter of relief that the situation in Goa has changed and is under control. Now our institutes are functioning normally observing all procedure under S.O.P. (Standard Operating Procedure).

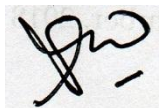

For the first time ISEAF conducted examination for the students of our vocational institutes under "Indo German Board of Technical Education Society", a registered autonomous body and the result would be declared by 28<sup>th</sup> of December 2020.

Please find enclosed here with few stories of students who completed their education with ISEAF scholarship. We also enclosed some stories of students who completed their education in our vocational institutes and presently working.

We are grateful for your co-operation and contribution. This noble work is possible only because of your patronage.

Thanking you

Yours Sincerely

## SUCCESSFUL SCHOLARSHIP STUDENTS

### SUSHMA KALYAN

Sushma lives at Taleigao, Tiswadi. After passing X th class board examination with 91% marks she joined XI th class science in Mushtifund Higher Secondary School at Panaji. Her father was a painter and he was painting name boards, bill boards etc. the earning from his job was not sufficient to support the education of Sushma. So she applied for the ISEAF scholarship fortunately she was selected by Mrs. Gabi Allelein in the year 2012. After passing XII the class science she selected to do engineering course and she took admission for Electronics & Telecommunication engineering. She successfully completed this course from Goa College of engineering. Presently she is working as software engineer for Infosys at Pune.

She is very grateful to her sponsor for encouragement and sending regular gift and presents on her birthday & festivals. Because of this she was able to achieve her goal in life. She is also thankful to ISEAF team for helping her out.

### PRARTHANA PRASAD GURAV

I am Prarthana. I stay at Rivona, Sanguem. We are four members in the family. My father Prasad is working as a driver. My mother Pooja is a housewife and my elder sister Pranali works in a lab and earns small amount as monthly salary.

My ambition was to become a teacher. But my father's earnings were not sufficient to support my education. Therefore I approached ISEAF for financial assistance. Fortunately I was selected for this scholarship in the year 2012. With this scholarship I completed not only my graduation but also diploma in education which was important to achieve my goal of becoming a teacher. I successfully completed my diploma course in education in the year 2019.

Presently I am teaching in Government High School, Rivona, Sanguem. I feel very proud to be a teacher and to teach the students. This was possible only because of ISEAF & my sponsor Mrs. Ingrid Koester who helps and supported me throughout my education. I am very grateful to her and ISEAF team.

## MONALI ARONDEKAR

Monali lives at Mayem, Bicholim. After passing X th class, she joined the family of ISEAF in the year 2011. After passing XII th class board examination with 76% she joined in Government college, Sanquelim for graduation. She completed her graduation in arts and then post-graduation from Goa University successfully. Presently she is working as a teacher in St. John of the Cross High School, Sanquelim.

Monali is from very poor family. Her father was working as a security guard which was very low paid job. With his limited earnings it was not possible for him to support his three children's educational expenditure. Therefore Monali applied for ISEAF scholarship and she got selected. Her education was sponsored by Mrs. Cornelia Warncke till she completes her education.

She is very grateful to her sponsor for encouragement and support to achieve her goal of becoming a teacher. Now she is able to look after her family.

## SANKITA RAUL

My name is Sankita. I live at Rivona, Sanguem. From childhood it was my ambition to become a teacher. But when I grew up I came to know that my parents are struggling financially to support my education. My father is a carpenter and his job is not regular. Whenever somebody calls he goes for work. Our principal told us about Indian Students Educational Aid Foundation which helps poor students like me. I applied for scholarship and was selected. I got a very good sponsor Mrs. Karin Koetsch & Mr. Rolf Peter. I completed my graduation in arts and joined diploma in education course. I passed with good marks in this course and presently working for Saraswati Prarthamik Marathi Vidyalaya, Savordem as a teacher.

I am grateful to my sponsor and ISEAF for all the help, support and encouragement I got.

**SUCCESSFUL STUDENTS OF  
OUR BHUMIKA TECHNICAL
